This Station is operated by The Amateur Radio Club of Nottingham (63EKW) in co-operation with The Festival Committee of Nottingham 11th–26th July. We are situated in the courtyard buildings of Wollaton Hall, circa 1580. The Hall is sited in the middle of a deer park and is one of the best examples of Elizabethan architecture still in existence.

We hope you will be able to visit us in person next year and enjoy the Festival first hand.

The Committee ARC of N.
